Emerging trends in Human Resources Management - NACS

We also submit that composition-based strategy can only produce temporary, rather than sustained, competitive advantage in global competition and this strategy is not without limitations, costs and risks.

Contextualizing international strategy by emerging market

The Federal Reserve has typically used a short-term interest rate as the policy tool for achieving its macroeconomic goals. However, with short-term rates constrained near zero for much of the past decade, the Fed was impelled to use two unconventional monetary policy tools: forward guidance and quantitative easing.
