The Little Ice Age (LIA) was a period of cooling that occurred after the Medieval Warm Period. Although it was not a true ice age, the term was introduced into scientific literature by François E. Matthes in 1939. It has been conventionally defined as a period extending from the 16th to the 19th centuries, but some experts prefer an ...

The State of Food Security and Nutrition in the World 2017

Populations around the world are rapidly ageing. Ageing presents both challenges and opportunities. It will increase demand for primary health care and long-term care, require a larger and better trained workforce

and intensify the need for environments to be made more age-friendly.
